MULTIPLY YOUR COLOR RESULTS

Create the most modern color effects by mixing **SHADOW**, **BLUSH** or **CLEAR** with any of your Nutri Color™ Filters.

Final target shade is instantly visible in the bowl after mixing the chosen colors.

MIXING FILTERS

SHADOW FILTER

As a powerful SHADOW, this filter will generate a **smoky effect over any color** of your choice.

HOW?

A little goes a long way. You only need a small amount for a great result.

Recommended **10:1** (FASHION/TONING+SHADOW)

3-15 minutes.

BLUSH FILTER

The new BLUSH filter is the layer to use when looking for an **elegant vintage** hair color.

HOW?

Charge your direct color mixture with BLUSH to ensure a beautiful powdery result.

1:1 to 1:20 (FASHION/TONING + BLUSH)

Recommended 1:10.

3-15 minutes.

CLEAR FILTER

CLEAR will make the difference you are looking for by **pastelizing any shade** of your choice.

HOW?

Preset the level of pastel color you need by adjusting the mixing ratio.

1:1 to 1:20 (FASHION/TONING + CLEAR)

Recommended 1:5.

We suggest you use this ratio as a guide, then play and create your own.

15 minutes.
